4		Data publication: DATA PUBLICATION FOR EU CITIZENS – 1/2018. One of the aims of CRCB is to improve the transparency of the Hungarian public procurement and to help the researchers, the journalists and other stakeholders have access to public procurement data. Accordingly, we decided to make a part of uncleaned version of public procurement database built by CRCB accessible and publish some main indicators of public tenders. Our dataset contains information of 239,484 records (192,821 contract awards and 46,663 other notice types) from January 1st 2005 to December 31th 2017. The public procurement database cleaning and building efforts were supported by the EU Commission, the Hungarian Scientific Fund (OTKA) and we used the CRCB's own financial resources as well.	<a href="http://www.crcb.eu/?p=1300">http://www.crcb.eu/?p=1300</a>
